THE BILL IS SIGNED. DEWEY IS IMPROVING.

Governor Sayers Approves the Anti-trust Bill as Passed.

He Seems Much Better, Although Only a Few Days from Work.

OTHERS APPROVED.

ALREADY IN SOCIETY

Little Business Transacted by the Legislature and Very Little More Expected Before Final Adjournment.

He Is Well Protected from the Threat of Assassination—Will Reach New York About the First of October Next.

Austin, May 26.—Governor Sayers has approved the antitrust bill. Many inquiries have been received here from all parts of the country as to the provisions of the bill.

The governor also signed Senator Wayland's concurrent resolution in regard to an unsettled claim of \$123,544.41 due by the United States in favor of Texas.

This claim reaches back before the civil war and was acknowledged more than once to be good and reasonable. It refers to money spent by the state of Texas in defense of the frontier and repelling Indian incursions.

The resolution prohibits the payment of any fee or commission for collecting the money from the government.

The following bills were also signed by the governor:

Senate bill amending the Houston city charter.

Senate bill providing that upon application of a majority of the inhabitants of a municipal corporation having less than 100 inhabitants an election shall be held to determine whether or not the said village shall abolish its incorporation, was signed.

Senate bill providing for the issuance of process for witnesses residing in the county before the meeting of district court to testify before the grand jury.

Senate bill amending the statutes extending the time more than four years within which letters, testamentary, or administration may be filed in claims against the government on account of occupation of United States troops.

The senate and house held only brief sessions yesterday. But little effort was made to transact business. It is probable that the few important measures now pending will be likely left hanging in the air when sine die adjournment occurs.

The house finally passed the bill providing for the removal of the remains of Stephen F. Austin from Peace Point, Brazos county, to the state cemetery at Austin. There was considerable opposition manifested to the bill.

The senate passed to third reading the house bill legalizing labor organizations. It is doubtful whether this measure will get any further along, owing to the uncertainty of a quorum in that body.

The following bills were passed by the senate:

Monroe's bill prohibiting the celebration of marriages without licenses.

House bill fixing the salary of the industrial manager of the Orphans' home at \$1500.

House bill placing San Patricio county under the operation of the hog law.

House bill allowing contractors constructing public buildings 75 per cent of cost as construction progresses.

House bill exempting Harris county from the operation of a special road law.

House bill providing that commissioners' courts shall audit claims for horses afflicted with glanders and are condemned and killed.

The impression now is the legislature will adjourn tomorrow at noon.

Whipped For Stealing Cattle.

South McAlester, I. T., May 26.—John Washburn and Joseph Stark, full-blooded Choctaw Indians, were publicly flogged at San Bois, in accordance with the Choctaw law. The men were sentenced to receive 100 lashes on the bare back as a penalty for stealing cattle. Several hundred Indians and white people assembled to witness the execution of the law. The penalty for the second offense is death.

Quick Trial and Conviction.

Athens, Ga., May 26.—Charles Colquitt, colored, who attempted to ravish Eugenia Dooley, white, last Sunday night at High Shoals, was tried Thursday by Judge Russell at Watkinsville. Colquitt entered a plea of guilty and was sentenced to a term of 20 years in the pen. This is the maximum penalty for an unaccomplished attempt at criminal assault upon a woman under Georgia law.

Farmer Gored to Death.

Marshall, Tex., May 25.—T. M. Horton, a wealthy and highly respected planter living near Greenwood, La., was gored to death by his Jersey bull. The deceased leaves a number of relatives that reside in this city.

Murder and Robbery.

Newkirk, O. T., May 26.—The coroner's jury in the inquest over the body of L. R. Hiatt, found dead east of here on Monday with his throat cut, has returned a verdict of murder and robbery. There is no clew to the murderers.

Hong Kong, May 26.—Admiral Dewey shows great improvement already. Installed spacious at the Peak hotel, with lofty windows that catch every mouthful of wind from the sea, he is losing the air of languor that he wore when he landed from his blistered cruiser.

It was rest that he needed—rest and cooler air. He is getting both. Society at the Peak is well-bred. There are no disturbing factors there. It is here that the English officers and their wives and the government officials, the rich merchants and distinguished travelers take refuge from the heat and noise of the town. They all feel a deep interest in the hero of Manila bay but they respect his desire for quiet. He has become one of themselves already. With the ease of a polished man of the world he has dropped to his place in the little community that really resembles a house party at an English country residence.

Strangers to that community cannot intrude upon him, however, the government detectives see to that. So do the detectives employed by Consul General Wildman. So do the swarms of Chinese servants, and if the Filipino junta ever meant more than bluster by its hints of assassination, it has been thoroughly cowed by the British police. Howard Bray, the English confederate of the insurgents, has been suddenly stricken dumb. So have his fellow schemers. These people received brusque warning from the authorities that if they did not behave themselves, they would be treated to a dizzy surprise. The Filipinos themselves were similarly cautioned and are under close surveillance.

DEWEY'S HOMEWARD TRIP.

He Will Stop at Many Places and Reach New York Oct. 1.

Washington, May 26.—Admiral Dewey has telegraphed the navy department that he will stop at various places on his way to the United States and will reach New York about Oct. 1.

MORE TROOPS NEEDED.

Before the Filipinos Are Conquered Otis Must Have Many Reinforcement.

Manila, May 26.—The events of the past week have emphasized the need of a much larger army here, without which, according to the best authorities in Manila, it will be impossible to expect to establish American supremacy in the Philippine islands. The inadequacy of American forces is said to be responsible for the large and total loss of a number of small encounters, without material results as compensation. Most of the fighting has been in territory which the Americans had swept, but were compelled to abandon, because they could not spare troops to hold it.

The forces commanded by Generals MacArthur and Lawton held two important lines of communication and commerce, the railroad to San Fernando and the Rio Grande river. But much of the country they swept, including scores of smaller towns and some larger ones, were left uncovered, simply for want of men to hold them, and the insurgents have returned and occupied the towns the Americans abandoned, and camping in the jungles outside to watch for chances to harass garrisons and attack scouting parties or detached companies, with greater forces. This kind of warfare they prefer to regular battles.

The Hooker Reaches Port Said.

Port Said, May 26.—The United States cable ship Hooker, from New York, May 1, for Manila, has arrived here. The Hooker has on board some passengers and 250 miles of cable, to connect important islands of the Philippines.

Sixth Ohio Mustered Out.

Augusta, Ga., May 26.—The Sixth Ohio was mustered out here. Except for a few hospital corps men, Camp McKenzie is now deserted.

Soldier Accidentally Killed.

Harrisburg, May 26.—Charles Johnson, second sergeant company M, Ninth immunes, who resides at Newberry Hill, La., accidentally shot and killed himself with a revolver at the Pennsylvania railroad station here.

No Hope of Agreement.

London, May 26.—Foreign office officials confirm the statements made by the New York correspondent of the London Times that the negotiations with the Canadian government on the subject of Alaska has reached an almost hopeless stage, owing to the insistence of the Canadians that they receive a slice of

Canned and bottled
goods for Picnics,

GARTH, HOWELL & WEBB

Alaska, which apparently precludes any agreement being reached on the subject between the American and Canadian high commissioners.

Strike at Marion Settled.

Marion, Ills., May 26.—At a meeting of miners and operators the controversy over the coal strike was settled and business will be resumed at the mines. The question has been referred to the state board of arbitration, each party to stand by the decision of the board.

His Neck Was Broken.

San Antonio, May 26.—Wallace Hardy, a cow puncher, working on a ranch 8 miles north of here, was thrown from his horse and sustained a broken neck. His remains were brought to the city for interment.

Prof. Hadley's Election.

New Haven, Conn., May 26.—Yale has turned down two centuries of tradition and elected Prof. Hadley, a layman, as its president.

THE DAILY EAGLE.

Entered at the Postoffice at Bryan, Texas, as Second Class mail matter.

BY CONNELLY, PALMER & CARNES.
MALCOLM CARNES, Editor.

SUBSCRIPTION PRICE:

Per Week, 10c. Per Month, 40c

SATURDAY, MAY 27, 1899.

SPECIAL EDITION.

The Eagle and Meteor will issue early in August a special illustrated trade edition of 6000 copies to be mailed from both Bryan and Madisonville to people of Brazos, Madison and adjoining counties. The Eagle's methods and success in handling special editions are too well known to need further explanation at this time.

The edition in question will be replete with interesting matter and illustrations and will be invaluable as an advertising medium. It will be issued in time for the Madisonville reunion to which, incidentally, considerable space will be devoted, giving pictures of members of Camp John G. Walker, and a general distribution of papers will be made on the ground to people attending the reunion.

Trade editions are issued with regularity and success in prosperous business communities everywhere, and they have done much to build up the splendid business prestige of Bryan, which may be maintained by the same methods by which it has been attained.

Rev. E. H. Wylie of North Texas preached an excellent sermon at the Christian church Wednesday night. He will preach at the same place Sunday morning at 11 and at night. The public cordially invited to attend.

ON AGAIN!

The Camera Craze—The green fields, the running brook, the pretty landscape—A summer days outing is made doubly enjoyable if you have a Camera. Are you a Camera fiend? Do you own a VIVE? Do you develop your own pictures? You can do it easily and as good and with more satisfaction and economy than anyone else can do it for you. Taking and developing pictures is instructive, Pleasant and Profitable—in fact it's a fad too—not one of today or tomorrow but for all time to come. I sell the VIVE Cameras, they lead everywhere. Also keep in stock all photo supplies

- Tripods,
- Plates,
- Trays,
- Card Mounts,
- Print Out Paper,

TELEPHONE 106.

the list by classes since 1884. There have been a total of 151 white graduates including the class of 1899. It will be seen that some have moved away, many have married, others are making a success in business, some have received political honors, and a majority we are glad to say are making their homes in Bryan where the results of their excellent training are made manifest in all the affairs of the community. Hundreds of others have been trained in this school, without going on through to graduation, and they too have taken places in the busy world and are helping to make the history of the greatest state in the union. The influence of such an institution is only marked by the bounds of time and the good work of the Bryan graded school is just begun.

Class '84.—Jennie Mitchell; Minnie M. Zulch; Flora Thomas.

Class of '85.—Mattie Hodges, salutatorian; Chas. Williamson; John Parker; Eph Wolf; Horace W. South, Valedictorian.

WILL RAISE CANE.

Mr. H. B. Steele Wants to Establish a Sugar Refinery.

Learning that Mr. H. B. Steele was going into the growing ribbon cane, the Eagle representative questioned him about the matter. Mr. Steele says he has planted only three or four acres of ribbon cane this year. He intended to plant fifty or seventy-five acres but could not get the seed, of which there was a shortage on account of frost. Mr. Steele made a trip to the sugar plantations in the southern part of the state in the hope of getting more seed but could find no surplus there. He intends to plant a large crop next year and will as early as practical establish a sugar refinery at Steele's Store. He is convinced that sugar and molasses will prove more profitable than cotton, and The Eagle shares the belief that sugar can at least be made profitably in this section. The raising of ribbon cane is by no means an experiment in this locality. Many farmers have already made a success of it as far as growing the crop and making a fine quality of syrup is concerned. There appears to be no reason why the cane crop should not be increased and the manufacture of sugar added.

Lon Johnson has the cheapest purest samples of wall paper and room moulding ever seen in Bryan. 11

IDAHO MINE TROUBLE.

Saloons Closed, an Editor Arrested and Mines Preparing to Resume Work.

Wardner, Ida., May 26.—All saloons in Mullan, Gem and Burke have been closed, the publication of the Mullan Mirror stopped, and its editor, W. H. Stoddard, on a charge of publishing seditious matter, has been arrested.

Four hundred and seventy permits for employment have been issued in Wardner. The Last Chance mine has started up with a small force. None of the mines above Wallace have started, but many men are coming in and they will soon start.

There are now 325 men accused of rioting, confined in the new prison just completed here.

The coroner's investigation into the cause of the death of two men during the riot on May 9, is still in session and will probably last a week longer. Three hundred witnesses have been examined and some very damaging evidence is said to have been secured against the alleged rioters. An examination of the records of the miners' union, which were seized by the military authorities, show 20 men who were to be run out of the country.

SEVEN BLOCKS BURNED.

Fire at Coney Island of Mysterious Origin Causes \$350,000 Loss.

New York, May 26.—The fire that started in Buchman's pavilion at Coney Island, spread rapidly until seven blocks of frame buildings were burned. A conservative estimate of the loss is placed at \$350,000. Two fires broke out simultaneously at both ends of "The Bowery" about five squares apart close to the beach. The places where the fires originated were both almost inaccessible to fire engines. The fact that the fires broke out simultaneously and at places so difficult of access, is taken as an indication that the fires are of incendiary origin.

The police board of Greater New York, which has jurisdiction over Coney Island, recently issued sweeping orders insisting upon the rigid enforcement of the law so far as Sunday saloons and concert halls are concerned. Some intimate that the residents of Coney Island may have preferred to collect insurance money rather than suffer financial loss, which would have resulted from the carrying into effect of these orders from the city authorities.

SERIOUS DISTURBANCES.

Guadalupe Natives Are Fighting British Contractors With Much Force.

London, May 26.—Advices received from Guadalupe, one of the French Indian islands, Leeward group, report recurrence of serious rioting between native population and British contract labor immigrants which culminated in a recent fire. Continuous and fierce fighting is said to have taken place on plantations and the police and military, it appears, cannot suppress the disturbances. Several fatalities are reported. As a result the British consul there has appealed to Great Britain for protection for British subjects, which local government, seemingly is unable to afford.

CYLINDER EXPLODED.

Two Men Are Killed and Three Others Hurt, One Fatally.

Philadelphia, May 26.—One man was instantly killed and another so badly injured that he died, by the explosion of a cylinder in the dyeing and finishing mill of Martin & Co., here. Three others were injured, one probably fatally. The dead are Daniel Huston and William Lang.

The side wall and some of the partition were blown out by the force of the explosion. Loss on the buildings and machinery is estimated at \$10,000.

Were Not Counterfeiters.

Guthrie, O. T., May 26.—George English and L. F. Bramer were released from the Federal jail on a writ of habeas corpus. They had manufactured lead discs the size of nickles to beat slot machines and were held for counterfeiting, but Chief Justice Burford held that as there was no attempt to put any inscription or stamp on the dies it was not counterfeiting and the only charge that could be brought was obtaining goods under false pretense and this was not a Federal offense, hence their release.

Want McKinley to Succeed Himself.

Philadelphia, May 26.—United States Senator Penrose in an interview expressed himself as approving the administration of President McKinley and suggested that he be nominated to succeed himself at the Republican national convention. The senator declared it is his purpose to advocate the adoption of a plank in the coming state convention endorsing the national administration and emphatically declaring the sentiment of Republicans of Pennsylvania, in favor of his renomination as president.

Record in Rail Making.

Chicago, May 26.—The South mills, at South Chicago, have broken the world's record of steel rail making in a 12-hour run. The new record is 1356 tons. The former record of 1301 tons was also held by the South Chicago plant. The men engaged in this recent record breaking run were not selected for the occasion, but composed the ordinary night shift.

American Representative Honored.

Berlin, May 26.—Dr. Von Schweinitz, the American representative at the tuberculosis congress here, has been chosen honorary secretary of the second section of that body. Surgeon Boyd, who represents the United States in the navy congress, will give dinner at Hotel Bristol to the United States delegates and to higher German medical officials.

An Argument!

CAN BE EASILY settled as to whether we keep the best Teas, Coffees, Canned Goods, etc., by giving us a trial. We keep everything in our stock of a standard superior quality, and everyone agrees that we "fill the bill" to their entire satisfaction for excellence, low prices, and prompt service at all times.

"THE LONGEST WAY ROUND IS
SOMETIMES THE QUICKEST
WAY HOME."

These wise old saws apply to the new fast train service now in effect via the "Great Rock Island Route." While not the short line everywhere, we "get there," which is the main point to be considered.

A whole business day saved is one argument; a maximum of comfort by reason of through service; modern equipment; rock ballast; in short an up to date railway are several other arguments to assist you in deciding how and via what route to purchase tickets.

The new schedule is as follows:

Leave Ft. Worth 8:25 a. m.
Arrive Lincoln 7:10 a. m.
Arrive Omaha 9 a. m.,
Connecting at the latter point with train through Iowa, arriving Des Moines 4:39 p. m.

NEW ORDER ISSUED.

Places All Islands Taken from Spain
Under Military Rule.

CUBA ALSO INCLUDED

Makes Provisions for the Payment of
All Warrants Duly Audited.
Will Remain so Until Congress Shall Provide.

Washington, May 26.—On May 8, President McKinley issued the following executive order, which has not heretofore been published, for the government of the islands which came under the control of the United States government as a result of the war with Spain.

"Washington, May 8.—By virtue of the authority invested in me, as commander-in-chief of the army and navy of the United States, I hereby order and direct that during the maintenance of a military government by the United States in the island of Cuba, and all islands in the West Indies, west of the seventy-fourth degree, west longitude evacuated by Spain, there be hereby created and shall be maintained office of the auditor of the island, one assistant auditor, for auditing the accounts of the department of customs, and one assistant auditor, for auditing the accounts of the department of postoffices, who shall be appointed by the secretary of war, and whose duties shall be to audit all accounts of the island. There is hereby created and shall be maintained the office of treasurer of the islands, which shall be filled by the appointment thereto of an officer of the regular army of the United States. The treasurer of the islands shall receive and keep all moneys arising from revenues of the island, and shall disburse or transfer the same only upon warrants issued by the auditor of the islands and countersigned by the governor general. All rules and instructions necessary to carry into effect the provisions of executive orders relating to said islands, shall be issued by secretary of war.

"WILLIAM MCKINLEY."
A similar order was issued substituting Porto Rico and another substituting the Philippines for Cuba so that all groups are to be identical as government. Assistant Secretary Meikeljohn, who is in charge of the insular matter at the war department has conferred with the secretary of the treasury as to the best method of carrying out the order, and after careful consideration decided the islands shall be kept autonomous and that all affairs shall be under the direct control of the governor general. The government of the islands, its finances and officers will be wholly under the control of the military governor until congress shall otherwise provide. Officials of responsible position shall all be army officers. Mr. Meikeljohn has prepared explicit rules and regulations for the government of the islands and the guidance of the officers.

WORKING AGAINST GOMEZ.

Old Cuban Leaders Doing All They Can to Disgrace the Old Man.

Havana, May 26.—The fight between General Gomez and the old Cuban assembly leaders is waging hotly. Gen. Gomez' manifesto issued to soldiers required them to give up their arms and return peaceably to their homes, will be met with a strong manifesto from a majority of the Cuban chiefs urging the soldiers not to accept any of the \$3,000,000 offered by the United States, but to disband and keep their arms.

A meeting was held at the home of General Maya Rodriguez, attended by the anti-Gomez officers in the Cuban army. Strong anti-American sentiments were expressed. Gomez was called a "traitor to Cuba libre" and severely scored for entering into the last negotiations with General Brooke without consulting the representatives of the army. His actions were construed by the speakers as an effort to further his own political aggrandizement. Cuban soldiers are not looking for charity from the United States, they say, and Gen. Brooke has no right to ask them to give up their arms as he might have conquered arms. The Spanish volunteers in Havana still hold their Mausers, they asserted, and the soldiers who fought for independence should be permitted to retire from the field with their arms.

By unanimous vote it was resolved to use all means to prevent the soldiers from surrendering their arms. In addition to the manifesto General Rodriguez will send a personal letter to the soldiers asking them not to accept the money.

General Brooke has approved the Gomez manifesto asking the soldiers to disarm.

There are many indications, however, that the chiefs will carry their point. All Gomez' political enemies are working with them. The refusal of the soldiers to accept the money and surrender their arms, would be a crushing blow to Gomez. He is using all efforts to prevent it, but an intimate friend of his admits that a majority of the soldiers will return to their homes with their arms. The politicians who are opposing Gomez say the general feels his position keenly, and thinks he has been treated shamefully by the Cubans for whom he fought without a thought of recompense.

Famous Painter Dead.

Fontainebleau, May 26.—Rosa Bonheur, the famous animal painter of France, is dead.

FATHER AND SONS LYNCHED BY A MOB.

They Are Taken from Their Homes in
Henderson County and Hanged
to Limbs of Trees.

Kemp, Tex., May 26.—Seven miles south of Tolosa, in Henderson county, three men, Jim Humphreys, his sons, George and John, were taken out from their home at 1 o'clock Thursday morning by a posse of 13 men. The posse claimed to be Henderson county officers. They were carried half a mile from their home and hanged to a hickory tree where their bodies were found Thursday afternoon.

Particulars of the gruesome affair are hard to get hold of other than the fact that the men were taken from home and their dead bodies found as stated.

Before 12 o'clock Wednesday night the armed band of men were seen in that section and when their business was asked they said they were hunting the men who had killed a constable in that county over a year ago.

It had never been charged that the Humphreys killed the constable.

It was known they were friends of the man who was so charged. It was once said that Humphreys had stood by his friend in various ways.

The alleged slayer of the constable has never been apprehended.

It is generally believed, however, that the affair grew out of the killing of the Henderson county constable.

DEMOCRATIC PARTY.

No Policy Outlined by the Committee as to the Next Campaign.

St. Louis, May 26.—When the conference of members of the Democratic national committee adjourned at 5:30 o'clock yesterday afternoon it had taken no action regarding the policy of the party in the coming presidential campaign and planks for the platform were not even discussed. The meeting from the first to last was one of discussion regarding methods of work of next year and the ways and means by which this work could be best accomplished. All members were urged to see that the organization of the party in their respective states is perfected as soon as possible and all preparations be made for the fight. The matters of "anti-trust," "anti-imperialism" and silver were not touched upon. No action was taken regarding them and no explanations were made.

The next meeting of the conference will probably be held in Chicago on July 20 and Chairman Jones has been asked to call a formal meeting for that date. It is expected that at this meeting definite action will be taken and the question of what is to be the rallying cry of the Democracy in the fall of 1899 will be determined.

The fight of the Illinois Democracy against Editor Devlin of the national committee press bureau, was brought up by Committeeman Gahan of Illinois. He made a vigorous speech claiming that Devlin had acted against the regular Democratic organization in Illinois, and that he should be removed.

A motion was carried appointing a committee of three to investigate the Devlin matter, and report to Chairman Jones upon his return from abroad. Mr. Stone appointed on the committee of investigation, Messrs. Johnson of Kansas, and Daniels of North Carolina, the third man to be named later.

THE SCHOOL PROSPEROUS.

Eighteenth Annual Commencement of the Tuskegee Normal Institute.

Tuskegee, Ala., May 26.—The Eighteenth annual commencement of the Tuskegee normal and industrial institute occurred yesterday. The year has been an eventful one with the school and the work has gone on with increasing volume and power.

Eleven hundred and sixty-four students have been enrolled, 801 boys and 363 girls. The attendance has been very steady, bringing the average for the year above 1000. The graduates in all departments number 61. Of these 44 are from both the normal and industrial departments. They represent 10 states and the Indian Territory. Three of the graduate nurses won honorable mention for service in the war with Spain.

The selection of the 25,000 acres of land granted by congress is nearly completed and already an offer of \$5 per acre has been made for it. The corner stone of Huntington hall a dormitory for girls, to cost \$10,000, was also laid, it being the gift of Mrs. C. P. Huntington. The first section of the Trades building will be ready for use in the fall. The gift of a domestic science building to cost \$150,000 has been made by a lady in New York. The students have paid toward their expenses \$8736 in cash and \$56,000 in labor. H. D. Reading, editor of the African Methodist Review, Philadelphia, made the annual address.

Tried to Kill Himself.

Montgomery, Ala., May 26.—Edward Bobo, a young stenographer recently from St. Louis, while in a hospital here became infatuated with a professional nurse. She declined to receive his regards and he went to the hospital, and being again refused drew a knife and tried to cut his throat. The nurse screamed and Daniel Troy, a young attorney, ran to give assistance. As he entered the room Bobo without warning, hurled a syrup pitcher, striking the attorney on the back of the head and seriously injuring him. Bobo is in jail.

PESTILENCE AND DEATH.

Dawson Taking Every Precaution to Ward Off Disease This Spring.

Dawson, April 15, via San Francisco, May 26.—With the return of spring to Dawson come the renewed fear of pestilence and death. Stringent sanitary measures are being adopted. The health officer posted public notices throughout the town forbidding all persons to gather ice or take water from the Yukon at any point nearer than a mile above the city. The Yukon council is planning a system of drainage on the flats upon which the city is situated. An ordinance has been passed requiring the inhabitants to use the utmost care in cleaning their premises prior to the breaking up of the river. Notwithstanding these precautions, physicians predict unusual prevalence of typhoid owing to the accumulated filth of the winter, which now encumbers the site of the city.

WHOLE FAMILY DEAD.

Mother, Three Children and Father Dead in a Tent.

Joplin, Mo., May 26.—The discovery of the mysterious murder of a woman and three children, and the supposed suicide of the husband and father, was made Thursday. The family have occupied a tent in the northeast part of town for some time. An infant child was found outside the tent with its head severed from its body. A girl of 7, a boy of 9 and their mother were found inside with their heads crushed in by a hammer. The husband was found dead with a revolver in his hand and a bullet hole in his head. The murders are shrouded in mystery.

Brooklyn Fire.

New York, May 26.—Catridge & Co.'s iron bedstead manufactory, a three-story frame building in Brooklyn, was burned to the ground. The fire spread to a row of tenement houses on Briggs avenue and another on Graham Avenue and about 100 families fled in their nightclothes, carrying such household goods as they could save.

Harrison Reaches Paris.

Paris, May 26.—Former President Harrison, who is acting as representative to Venezuela on boundary commission which meets here June 15, has arrived in this city. United States Ambassador, General Horace Porter, is arranging for an interview between President Loubet and Mr. Harrison.

Two Deaths from Fire.

St. John, N. B., May 26.—Fire here ravaged a district composed largely of tenement houses and probably 1000 persons are homeless, a majority of them laboring people. Two deaths are to be set down to the fire, Miss Cunard and Mrs. Arnold Lowry.

Contract for Flour Mill.

Hillsboro, Tex., May 26.—A contract has been closed by a local millman for a 75-barrel roller flour mill for Hillsboro. The mill is to be delivered by July 1 and will be ready for use by Aug. 1. Citizens raised a bonus of \$1500 for the mill.

NEWS IN BRIEF.

Prof. Nathorst has sailed from Copenhagen in search of Prof. Andree.

Harrison Reed, who was governor of Florida during the reconstruction days, from 1868 to 1872, died at Jacksonville, age 86.

The New York legislature has appropriated \$75,000 to the Dewey celebration, which will be given the admiral when he reaches New York.

Crawford Mobley, a negro, was hanged at Waynesboro, Ga., for murdering his father-in-law.

A sash and door plant and a lumber yard were burned at Cleveland, O. Loss \$89,000.

At Staples, Minn., 10 business houses were destroyed by fire. Loss nearly \$150,000.
